

NEW YORKS WIN

KILLED HIS RIVAL IN STREET DUEL.

Tailor and Barber Who Loved the Same Girl Fought to the Death with Shears and Razor While Crowd Looked On.

Alfred Costner and Pasquale Omasure, two men who loved the same girl, fought a duel on Fulton street, Jamaica, this afternoon. It ended in Costner's death.

Omasure is now in the Jamaica Hospital under arrest. He is in a precarious condition.

Costner was a baker at No. 311 Fulton street, near Pettit's Hotel. His rival for the love of a beautiful young Italian girl was Omasure, who was a tailor's helper at No. 216 Fulton street.

For some weeks the ire of the two men had been smoldering. Each ignored the hints of the other that it would be wise for him to leave a clear field to the other.

Matters culminated today. About 3 o'clock Omasure went in the barber shop in a white heat of anger. He had been brooding all day over the taunts of his friends that Costner was "cutting his out."

"What do you mean by keeping on going with my girl?" Omasure demanded roughly as soon as he saw Costner at work at the back of the shop.

"What do you mean by calling my friend your girl?" sarcastically replied the barber.

Armed with hate and rage, Omasure started toward Costner with uplifted razor. The barber grabbed up a gleaming razor, and crying out that he would end the trouble then and there, ran toward the tailor.

Discretion gave place to Omasure's valor and he ran. Costner pursued him across the street, his wild cries and the flashing razor attracting a big crowd.

Omasure caught up a big pair of tailor's scissors as he ran in his shop. With a weapon his courage returned, and he started out to give battle to his rival.

The two men met on the walk in front of the shop. With a curse Costner swung his razor viciously at Omasure. The tailor dodged the blow and sent in his scissors an inch deep in Costner's breast.

Back and forth they struggled, hardly an arm's length apart, while the horrified crowd watched them, afraid to interfere.

At last Costner fell. His throat was gashed wide open and he was bleeding fearfully from a dozen stabs. He was dead before a surgeon could reach him.

Hardly had Costner given way before Omasure collapsed. He sank down unconscious from a dozen deep slashes from Costner's razor.

By this time a policeman came. An ambulance was sent for and Omasure was hurried to the hospital.

The doctors do not think he will live. The girl, who was the coquette cause of the tragedy, is unknown to the police.

HORSESHOE BRINGS \$701.

Made by Fitzsimmons and Sold for Texas Relief.

Major Harrison, of Hartford, stood in the doorway of the judges' stand at the Empire Race Track, at Yonkers, this afternoon. He held in his hand a horseshoe such as is worn by race horses.

In an introduction he announced that Bob Fitzsimmons had donated a shoe made by him to be sold to the highest bidder for the Galveston fund.

An opening bid of \$25 was recorded and it jumped by short steps to \$500 and was secured by Joe Carroll. He put it up again and A. B. Gwathmey secured it for \$100. It was resold to Fred Gerken for \$50. James Robinson bought it for the same amount from Gerken.

Commissioner McMillan purchased it for \$100 and immediately auctioned it off to his wife for \$100. The horseshoe brought \$701 altogether.

Dr. H. B. Kane, President of the Road Drivers' Association, took the shoe and will have it gold plated, inscribed with the different holders and amounts it brought, and then sent it to the Galveston fund.

At 4:35 Mrs. McMillan decided to have the Fitzsimmons horseshoe put up at auction again to swell the Galveston fund. It was purchased by Louis Hopper for \$101, making its total contribution to the fund \$701.

CRISIS NEAR IN STRIKE. ARMED MEN RUSHED IN.

Sheriff Harvey at Hazleton Fearing an Up-rising of the Miners Calls for More Deputies—Martial Law Declared.

Sheriff Harvey, at Hazleton, has called for armed deputies. At noon fifty were sent from Wilkesbarre.

Numbers of deputies have been already sent there secretly and an outbreak is feared.

Troops have been sent to McAdoo just across the county line from Hazleton in case of need.

Gen. Gobin has established martial law at Shenandoah.

About 2,500 soldiers will be camped there by night.

Only one person was killed in the clash with the Sheriff's deputies last night.

The little girl who was shot in the back of the neck may recover.

There is some evidence that the strikers are weakening since the militia appeared on the scene.

Over 150 men went back to work at the West End mine today.

At Forest City it is announced that many men have promised to return to work on Monday.

The offer by the Pennsylvania, Delaware, Lackawanna and Western and other companies to treat with their men if they resume work is having some effect.

CALL FOR DEPUTIES.

Sheriff Harvey, of Hazleton, Sends Hurry Call to Wilkesbarre for More Help.

WILKESBARRE, Pa., Sept. 22.—Sheriff Harvey telegraphed from Hazleton to the Sheriff's office in this city at 11 o'clock today requesting that a number of armed deputies be sent to the Hazleton region at once.

Up to 12 o'clock a number had been sworn in and fifty were sent to Hazleton on the 1 o'clock train.

There is no outbreak as yet, but Sheriff Harvey says he wants an ample guard should trouble occur. For several days deputies have been sent to the Hazleton region on the quiet, but now an attempt is made to do the work under cover.

HAZLETON, Pa., Sept. 22.—Four companies of militia arrived at McAdoo

late this afternoon. Although the Sheriff of Luzerne County has issued no request for troops, it was deemed advisable to take advantage of the presence of troops in Schuylkill County, so the companies were sent to McAdoo, which is in Schuylkill County just across the Luzerne County line and only a few miles from Hazleton.

Should the Sheriff of the latter county ask for troops they can be brought quickly across the line.

MARTIAL LAW NOW.

Gen. Gobin (Jones All Saloons and Divides Up His Troops at Mines.

SHENANDOAH, Sept. 22.—Gen. Gobin and staff arrived here before daybreak by special train from Harrisburg and established temporary headquarters in the Mountain House.

The saloons are closed and martial law prevails.

Four companies of the Eighth Regiment from Pottsville, in command of Col. Theodore F. Hoffman, marched into town at 8 o'clock.

Later on the Fourth Regiment arrived, and Battery C will be here from Philadelphia in a few hours. The Governor's Troop from Harrisburg will be in camp by nightfall.

Thousands of miners awaited their coming and stood quietly along the road and the streets of the village as the troops under arms passed through.

The mines are all closed down today. The operators say the mines will reopen Monday under military guard.

Col. Richardson is in charge of the movements of the troops. He said that by night 2,500 soldiers would be under arms in the district.

Among the miners there is a feeling of fierce resentment against the calling of troops to the scene. Sheriff Toole is blamed for turning an ordinary strike row into a riot.

The militia is the centre of attraction. Crowds congregate around the soldiers on the streets and show great interest in the movements of the several companies.

The collieries will resume work Monday provided a sufficient number of hands is obtained. It is believed that most of them will be able to work full handed.

The collieries in the Girardville district started to work, but shortly afterwards the men were persuaded to quit by representatives of the strikers. These collieries are Hammond and Girard.

Manor of the Reading Company and Packer No. 3 of the Lehigh Company, three employing 1,500 men.

The strikers failed to induce the workmen at the Preston colliery and at the washery of Tyler & McTurk to quit up to noon.

MINERS ON MARCH.

Almost a Clash at Sandy Run—Markle Says He Will Protect His Men.

HAZLETON, Pa., Sept. 22.—The Markle mines at Jedis and Oakdale are working with an increased force and the company is making every effort to get its men back to work.

There are many watchmen on the company's property and the Sheriff's deputies are within easy reach. Mr. Markle says he will protect the men in his employ if it takes the entire military force of Pennsylvania to accomplish it.

WARSHIPS TO CHINA!

Battle-Ship Kentucky and Several Other Ships Must Go to Far East.

WASHINGTON, Sept. 22.—The Navy Department this afternoon issued the following statement:

"In view of the possibility that later, when circumstances so warrant, the land force in China will be materially reduced, the naval forces in Asiatic waters will be from time to time increased with reference to American interests in China and also in the Philippines."

"The following orders have therefore been issued to-day: The Dorotha, at League Island, and the Annapolis, at Norfolk, have been ordered to fit out for the Asiatic States. The Wilmington has been ordered to the Asiatic station via the Mediterranean and will be replaced on the South Atlantic station by the Atlanta. The Albany, at Piraeus, has been ordered to Manila. The Kentucky and Vicksburg have been ordered to New York to fit out for the Asiatic station."

A FUND FOR CORRUPTION

Campbell Says Republicans Are Trying to Buy the State.

Frank Campbell, Chairman of the Democratic State Committee, said to-day:

"I am thinking seriously of calling a meeting of the State Committee for the purpose of going over the reports I have heard recently about the Republicans buying up the State."

"I have evidence of a trustworthy character that the Chairman of the county committee who recently reported to Mr. Odell have shown such a falling off in the Republican vote that the Republican State Committee has organized the idea of taking some action looking toward a big corruption fund."

"The Republicans realize they can only win this year by buying up the State."

EMBEZZLER CAPTURED.

Banker Dunton, of Chicago, Arrested at Fort Monroe.

(Special to The Evening World.)
RICHMOND, Va., Sept. 22.—United States Marshal Morgan Trent received a telegram to-day from Deputy Marshal J. E. West, at Fort Monroe, saying he had arrested there W. B. Dunton, charged with embezzling \$10,000 from the Union National Bank in Chicago.

Two thousand dollars was found on his person. He was taken before United States Commissioner Kimberly and pleaded guilty. He expressed willingness to go to Chicago, and Deputy West will take him there.

Dunton was traced from Chicago to New York, where he registered at the Waldorf-Astoria under the name of Jackson, and from there to Atlantic City, where he bought a sloop yacht and sailed for Hampton Roads.

He arrived late last night with a woman on his wife, and the Pinkerton man was on hand to arrest him.

TOPEKA'S CRUISE.

The United States cruiser Topeka, in command of Commander F. H. Delano, passed in at Sandy Hook at 8:45 o'clock this morning from Boston, where she had been fitted out at the Charlestown Navy-Yard for a long winter cruise as a training ship.

The Topeka will take on board a battalion of landmen and proceed on a cruise that will last until past April. She will, after stopping at French and Italian ports, sail along the African coast, and on the return voyage visit Porto Rico and Cuba.

Donovan Was Badly Rattled and Forced in Several Runs While the Cranks Howled.

The Fourth Inning Was a Waterloo for the Dodgers—Hawley Was in Fine Shape.

(Special to The Evening World.)
P.O. GROUNDS, NEW YORK, Sept. 22.—A still, sunshiny day made the prospects for baseball excellent and there was a feeling of suppressed excitement at the Polo Grounds this afternoon when the Brooklyn and New York teams appeared for their preliminary practice.

The game meant much to League circles, for Brooklyn was leading Pittsburg by but eighteen points to-day.

The New Yorks, last in the race, had beaten the champions two days in succession, and should they win to-day Pittsburg would be tied with them in games won and the championship contest one of the most exciting in the history of baseball.

BIG CROWD PRESENT.

A big crowd began gathering early and by 3 o'clock there were several thousand persons in attendance, many of whom were ladies.

It was the largest crowd that has been seen on the grounds in many weeks, and by far the most expectant.

Fans from Brooklyn seemed to be as numerous as the roots for the fall-ers. It was announced by Manager Hanson that Donovan, the phenomenal pitcher, who did such remarkable work for the Hartford Club in the Eastern League by winning sixteen straight games this year, would take McGinnis's place in the box for the Champions and endeavor to retrieve the defects of the past two days.

"Pink" Hawley, the fashion plate of the League was expected to look after New York's interests in the pitcher's box.

UMPIRE HISSED.

Charles Snyder, whose decisions in the game in Brooklyn yesterday caused a small riot, was again the umpire for to-day's game, and the decision was loudly booed by the Brooklyn contingent when it was announced.

Donovan, the Brooklyn pitcher, was cheered when he began practicing with McGinnis, who was again spotted, having the speed of Ethelbert. His delivery is graceful, but one can scarcely see the ball after it leaves his hand. Straight from the pitcher's hand, the ball seemed to fly over the river regarded with unqualified enthusiasm and the young man seemed pleased with the reception accorded him.

Ovation for "Pink."

Hawley, too, came in for his share of attention. "Make it three straight, Pink," shouted some one, and Hawley doffed his hat and smiled.

It was essentially a holiday game, and every one seemed good-natured. All the favorites got a hand.

Bowerman, who was to catch Hawley, seemed to have again admitted Murphy. New York's second baseman, made some splendid infield stops during practice and was highly cheered.

At 1:25 o'clock there were nearly 5,000 people on the grounds, with new arrivals constantly entering the gates.

THE BATTING ORDER.

New York. Van Halten, cf. Jones, c. Schuch, 1b. Keeler, rf. Hickman, 2b. Bernard, 3b. Demott, 2b. Doyle, 1b. Dahlen, ss. Murphy, 2b. Bowerman, 3b. McGinnis, c. Hawley, p. Donovan, p. Umpire—Mr. Snyder.

FIRST INNING.

Jones opened the game by soaking a low line fly to short left, which netted him a base. Keeler sent a bunt toward first which Hickman grabbed, and threw to Doyle. Keeler and Doyle collided at the bag and dropped to the ground slightly injured. The players of both teams rushed over to them, and in a few minutes they had recovered and the game proceeded. Keeler being dismissed out of play resulting second.

Schuch smashed a low line fly straight into Schuch's hands, and by a speedy throw to Lewis he doubled up at the plate. Schuch's magnificent double play was cheered vociferously and the policy-looking left-fielder, blushed through his many coats of tan. No runs.

Van Halten faced a fast bouncer to Dahlen and was retired at first. Schuch was also a victim, for his high fly to centre was easily gathered in by Jones after a sprint. Hickman, the Giants' terrific slugger, made three unsuccessful swings at Donovan's swift balls. The quick retirement of the New Yorks was a distinct disappointment to the crowd, which groaned, and as Hickman struck out there arose cries of "Oh, Charley, how could you do it?" No runs.

SECOND INNING.

Capt. Keely batted a bouncer to Dahlen and was an easy out at first. Demott was retired in exactly the same way. Cross got his eye into one of

OCEAN STEAMERS MEET IN COLLISION.

Martello's Bow Stove by Mesaba and She Returns to Port with a Bad Leak.

The Atlantic transport line steamer Mesaba for London and the Wilson line steamer Martello for Hull, while proceeding to sea this forenoon were in collision outside Sandy Hook.

The Mesaba proceeded on her voyage and the Martello returned for repairs, having her port bow plates stove. The Martello passed in at quarantine at 1 P. M.

According to Capt. Rippeth, of the Martello, the collision occurred in Ryeas Channel. The Martello was ahead when the Mesaba attempted to pass her and in the narrow space afforded by the channel the two vessels came together.

The bluff of the port bow of the Martello against the bluff of the starboard bow of the Mesaba.

The Mesaba passed on without sustaining any apparent damage, but the Martello's side was severely damaged and she began leaking immediately.

She returned at once and when she anchored off Robbins Reef she had eight feet of water in No. 2 hold.

Capt. Rippeth came ashore and reported to his owners after which he returned to the Martello to take her to the dock at the foot of Houston street, North River, to discharge her cargo at once.
